Education

Bachelor of Science, Suez Canal University, (Grade: B) — 2023| Ismailia, Egypt
Graduation Project (Grade: A+)

Physiology and Biochemistry Diploma, Suez Canal University, (Grade: B) — 2023| Ismailia, Egypt

Technical Skills

Express.js	Node.js
MongoDB	React.js
Next.js	TypeScript
Tailwind	Material UI

Certificates

Front End Development Diploma, Route Academy — 2025 | Cairo, Egypt

Projects

Pet Store ⬈
- Developed a user interface using Angular (version 20.3.5) for a Pet Store application that includes product viewing, adding, and updating functionalities.
- Implemented a simple data storage (db.json) and integrated it with an API for a smooth and interactive user experience.

personal portfolio ⬈
- Developed a modern, responsive personal portfolio website using HTML5, CSS3, Bootstrap 5 and JavaScript.
- Implemented smooth scrolling navigation, filterable portfolio items, animated skills/stats section, and a contact form for interactive user engagement.

Card Game ⬈
- Developed a card game web application using TypeScript and HTML, featuring a customizable deck model and interactive gameplay mechanics.
- Architected reusable game logic modules, implemented responsive UI design, and managed asset integration (audio/images) for an engaging user experience.
